Play Day 2013 will benefit Right To Play, a global humanitarian organization that uses sport and play to educate and empower children and youth to overcome the effects of poverty, conflict, and disease in disadvantaged communities. Right To Play was founded in 2000 by Johann Olav Koss, four-time Olympic gold medalist and social entrepreneur. Through sports and games, Right To Play helps children build essential life skills and better futures, while driving social change in their communities with lasting impact. Right To Play works in the most disadvantaged areas in the world, engaging girls, persons with disabilities, children affected by HIV/AIDS, street children, former child combatants and refugees.
